About TwinCon Enterprises Ltd.

TWINCON ENTERPRISES LTD. in Penticton specializes in civil earthworks, excavation, and rock breaking, drilling, and blasting, concrete work, and subdivision development. We uphold the highest standards in both the quality of work we deliver to our clients and the community, as well as in maintaining a safe and healthy work environment for our employees on all job sites. As one of the fastest growing companies in the South Okanagan, we bring 15 years of experience and an extensive inventory of heavy equipment to handle both large and small contracts. We take pride in our professional reputation for high quality work and a strong focus on safety.

At TWINCON we are dedicated to creating an exceptional workplace for our employees. We believe that you should enjoy where you work and feel as though you have purpose and direction. We offer competitive wages, comprehensive benefits package, and actively support the growth and development of our staff. With several projects currently underway in the South Okanagan, we are looking for a **Traffic Control Manager** to join our team. The Traffic Control Manager is responsible for overseeing traffic control operations and designing, setting up, and maintaining traffic control in a work zone.

Duties:

- Develop and implement effective traffic management plans and utilize the proper equipment.
- Set up, manage, and dismantle traffic control zones in accordance with regulatory requirements and site-specific safety plans.
- Manage traffic patterns, direct vehicles and pedestrian traffic, and ensure the safety of workers and the public.
- Respond to emergency situations and hazards and address any safety concerns promptly. Document and report incidents, safety concerns, and operational issues.
- Communicate effectively with team members, drivers, subcontractors, and the public to coordinate traffic movements and ensure smooth traffic operations.
- Monitor traffic conditions and adapt control measures as needed to prevent congestion and accidents.
- Conduct regular inspections of traffic control setups and equipment to ensure they are in good working condition.
- Demonstrate strong decision making, critical thinking, and problem-solving skills.
- Generate and complete accurate and timely reports.

TRAFFIC CONTROL MANAGER

Civil Construction Experience Required

Position available in Penticton

Requirements and Qualifications:

- Possession of a valid BCCSA approved Traffic Control Person (TCP) certification in British Columbia.
- Possession of a valid driver's license and reliable transportation to and from work.
- Minimum 5 years of TCP experience with construction site and flagging knowledge.
- Minimum 3 years' experience in civil construction.
- Proven experience in a supervisory role in the construction industry.
- Ability to recognize problem situations, evaluate, and produce workable solutions to a successful completion.
- Ability to work well under pressure and meet project deadlines.
- Competence in areas of safety regulations and quality control.
- Strong interpersonal skills to build trust and working relationships with subcontractors and team members.
- Have a proven safety track record.
- Be punctual, reliable, enthusiastic, and hardworking.
- Experience working on highways and Ministry of Transportation projects is considered an asset.
- Willingness to work overtime as required.
- Willingness to work outdoors in all weather conditions for extended periods of time.
- Be willing to work extended hours (as needed)

TWINCON ENTERPRISES LTD. offers competitive wages dependent on experience.
